## **Pre-University Tutorial College**

#### **Accessibility Plan**

Learning and Progress for all, regardless of need

This accessibility plan is linked to the following policies and documents:

- Safeguarding and Child Protection policy
- Special Educational Needs (SEN) Policy
- Admissions Policy
- Anti-bullying Policy

#### 1. Introduction

Our aim is for all learners to access a broad and balanced curriculum in a safe learning environment and assured that there will be clarity of provision for them.

All learners are valued and every child matters.

The college aims to treat all students fairly and with respect.

We provide access and opportunities for all students, without discrimination of any kind.

The purpose of the plan is to:

- Increase the extent to which disabled students can participate in the curriculum
- Improve the physical environment of the school to enable disabled students to take better advantage of education, benefits, facilities, and services provided
- Improve the availability of accessible information to disabled students

Our school is also committed to ensuring staff are trained in equality issues with reference to the Equality Act 2010, including understanding disability issues.

The school supports any available partnerships to develop and implement the plan.

2. Definition of Disability (Section 6, the EA 2010)

A person has a disability if he or she has a physical or mental impairment that has a substantial and longterm adverse effect on his or her ability to carry out normal day to day activities.

It further states:

This covers physical or mental impairments; this includes sensory impairments, such as those affecting sight or hearing.

The term 'mental impairment' is intended to cover a wide range of impairments relating to mental functioning, including what are known as learning difficulties.

### **Pre-University Tutorial College**

Consequently, the College has three key duties towards disabled students under Part 6 of the EA 2010:

- Not to treat disabled students less favourably for a reason related to their disability
- To make reasonable adjustments for disabled students, so that they are not at a substantial disadvantage
- To plan to increase access to education for disabled students.

#### 3. College Information

The College provides supportive education and ensures all students feel welcome irrespective of race, colour, creed, or impairment.

The College has provision to enrol students with learning differences such as Dyslexia, Dyspraxia, Autism and Asperger's Syndrome. However, due to the limited infrastructure and the small size of the College, the College has limited provision to enrol students with a physical disability.

The College has a dedicated SEN & Mental Health Liaison, as well as contracts services of the Occupational Therapist (OT); Speech & Language Therapist (SpLT); and an Educational Psychologist, if and when required.

The College works closely with the SEN team to enable any existing and new students with disabilities to be comfortably engaged with learning and to become a dynamic member of the student cohort.

*E.g., lifts; ramps; student disabled access bedrooms; disabled access to toilets; taps; saddle chairs; wheelchair accessible rooms; height adjustable desks and chairs are or could potentially be made available at the College boarding house; however, the presently leased Study Centre facilities are much smaller and have more limited infrastructure available.* 

#### 4. The Accessibility Plan

This Plan sets out the proposals to increase access to education for disabled students in the three key areas as required by the EA 2010:

- Increasing the extent to which disabled students can participate in the College curriculum
- Improving the environment of the College to increase the extent to which disabled students can take advantage of education and associated services
- Improving the delivery to disabled students of information which is provided in writing for students who are not disabled. The information should take account of the students' disabilities and the preferred to be made available within a reasonable timeframe.

The Accessibility Plan is resourced, implemented, reviewed and revised as necessary and reported annually.

Annexe 1 is a set of action plans showing how the College will address the priorities identified in the Plan.

#### 5. Starting points

#### 4a: Vision and values

Cherwell College Oxford will strive to provide all students with the means to achieve their maximum potential and to develop individual responsibility and respect for the rights of others by:

✓ Pursuing the highest standards in teaching

### **Pre-University Tutorial College**

- ✓ Providing an excellent learning environment
- ✓ Giving equal access to a broad well-resourced and challenging curriculum
- ✓ Achieving a partnership between students, parents and the College.

The College has high ambitions for their students with disabilities and expects them to achieve in every aspect of the College life.

The College's commitment to equal opportunities is driven by the National Curriculum Inclusion statement. The College:

- ✓ Sets suitable learning challenges
- ✓ Responds to students' diverse needs
- ✓ Overcomes potential barriers to learning and assessment for individuals and groups of students.

#### 6. College Audit: Curriculum

There are no areas of the curriculum to which the existing students with disabilities do not have access or participate in (including cultural and social events). Cherwell College Oxford focuses on personalised learning / differentiation and deployment of support. The College ensures that staff feel empowered regarding the needs of students and have access to all the relevant available data.

#### 7. College Audit: Physical Environment

All ground-floor doorways are accessible by wheelchair.

#### 8. College Audit: Educational Trips and Visits

Students with disabilities have access to off-site activities such as educational trips and visits with the necessary risk assessments undertaken and outcomes implemented. Support staff accompany students where required. The College has its own Minibus.

#### 9. College Audit: Outcomes

Any SEN student is able to access appropriate areas of the College and all aspects of the curriculum. Some aspects of differentiation could be improved to support the academic achievement of students -Continuing Professional Development (CPD) sessions will address this.

Extra-curricular activities are available to all students. Examples range from visits to: museums; art galleries; concerts; National Trust venues; stately homes.

#### 10. Views of those consulted during the development of this Plan

Cherwell College Oxford Accessibility Plan has been prepared by the involvement of and consultation with:

- ✓ Academic staff; Welfare staff
- ✓ SEN & Mental Health Liaison
- ✓ Senior Management Team
- ✓ External SEN professionals: Educational Psychologist; Occupational Therapist; Speech and Language Therapist

### **Pre-University Tutorial College**

The consultation was led and managed by the College Principal and Vice-Principal who completed an audit with subject tutors, Academic and Welfare teams focussing on the curriculum structure, enrichment programmes and College development plans.

The outcomes contributed to the Accessibility Plan.

#### 11. The main priorities in the College Accessibility Plan

#### 11a: Increasing the extent to which disabled students can participate in the College curriculum

Target	Strategy	Lead Person	Timescale	Review

## **Pre-University Tutorial College**

Increase access to individually tailored IT equipment for disabled students.	Laptops/desktop computers in the Study Centre.	Focus Group IT services contractor	Depending on requirement	September 2024
Access to textbooks and worksheets for visually impaired students.	Provide access to copied worksheets and other paper resources in A3 / coloured paper format.	College Administration/Front Desk	Ongoing as required by students	September 2024

#### 12. The Plan is available on request from the College Administration Office: secretary@cherwell-college.co.uk

The SEN and Disability Act 2001 extended the Disability Discrimination Act 1995 (the "DDA 1995") to cover education and outlawing discrimination by schools and colleges against current and prospective students in their access to education.

The DDA 1995 has been subsequently repealed and replaced by the Equality Act 2010 (the "EA 2010"). The EA 2010 replaced previous anti-discrimination laws with a single Act, to strengthen protection and make the law easier to understand.

### **Pre-University Tutorial College**

#### Annex A

#### Accessibility audit

- 1. The College directors with the relevant staff member will undertake a regular Accessibility Audit.
- 2. The audit will cover the following three areas:
  - Access to the curriculum the governing board will assess the extent to which students with disabilities can access the curriculum on an equal basis with their peers.
  - Access to the physical environment the governing board will assess the extent to which students with disabilities can access the physical environment on an equal basis with their peers.
  - Access to information the governing board will assess the extent to which students with disabilities can access information on an equal basis with their peers.

When conducting the audit, the **directors with the Occupational Therapist** will consider all kinds of disabilities and impairments, including, but not limited to, the following:

- Ambulatory disabilities this includes pupils who use a wheelchair or mobility aid
- **Dexterity disabilities** this includes those whose everyday manual handling of objects and fixtures may be impaired
- Visual disabilities this includes those with visual impairments and sensitivities
- Auditory disabilities this includes those with hearing impairments and sensitivities
- Comprehension this includes hidden disabilities, such as autism and dyslexia
  - 1. The findings from the audit will be used to identify short-, medium- and long-term actions to address specific gaps and improve access.
  - 2. All actions will be carried out in a reasonable timeframe, and after taking into account pupils' disabilities and the preferences of their parents.
  - 3. The actions that will be undertaken are detailed in the following sections of this document.

#### Access to Curriculum - action plan

Target	Who	Timescale	Outcomes / Success Criteria	Complete
Learning aids to be produced	SENCo	Ad hoc	Resources from whole school training made and available for use e.g., dyslexia friendly resources and resources for visually impaired pupils	In line with current students' needs
